

# Welcome to the CoG Information Warehouse - a place for lots of tidbits of info for CoG workers

The **main goals** of the CoG Information Warehouse are to:

- **Improve information access** -- if you are working and need a question answered, hopefully it's here.
  - ◆ Read the guide for your jobs: [GuideTeamLeader](#), [GuideMemberServices](#), [GuideChildCare](#).
  - ◆ For more general information on the CoG, go [Read the Basics](#).
  - ◆ Looking for answers? [See the FAQ](#). (Or see the [original FAQ](#) on the main CoG website.)
- **Reduce problem-solution cycles** -- if something is broken, by reporting it here we can get it fixed faster and reduce the number of people who encounter the problem before it gets resolved.
  - ◆ Want to report a problem, share an idea, or enter a wishlist item? See [Report Something](#).

[The Command Center](#) has many useful tools to help you do your work
